

## Profile for QA Analyst

Farragut Systems is seeking to enhance our team by adding experienced Quality Assurance (QA) Analysts to our team. We are looking for bright, hardworking, self-motivated individuals who have the ability to act as Quality Assurance experts, a desire and aptitude for technical problem-solving, and the ability to manage diverse technical challenges.

### Key Responsibilities:

- Creating and conducting quality assurance reviews
- Developing and executing comprehensive test plans and scripts
- Collaborating with and assisting developers in writing automation test plans
- Defining scope of test cases and regression testing
- Analyzing, testing, and certifying application-specific software
- Performing ambiguity reviews of business requirements and functional specification documents
- Prioritizing test plans with the Product Owner
- Logging, tracking, and verifying resolution of software and specification defects
- Documentation of test results and defects

### Non-negotiable Qualifications:

- 2-5 years of software Quality Assurance industry experience
- Experience testing Web Applications
- Solid understanding of code structure
- Ability to evaluate current test processes
- Strong analytical and troubleshooting skills, including requirements analysis and application architecture knowledge
- Strong verbal and written communication skills
- BS/BA Degree in Computer Information Systems, Management Information Systems, Computer Science, Engineering, Information Science or another technical field

### Additional Preferred Qualifications:

- Experience in Agile development techniques
- Experience working with technologies including: HTML, C#, SQL, ASP, and/or Microsoft .NET
- Experience in Windows and API testing
- Working knowledge of automated test tools

### Compensation & Benefits:

The compensation for this position is determined based on candidate's education / work experience and market salary information.

### Benefits for full-time employees include:

- 20 days of paid time off + 7 paid holidays each year
- Comprehensive Medical Insurance, with FSA or HSA options
- Vision & Dental Care
